Timing of Landlocked Fall Chinook Salmon Spawning and Egg Survival

Published On: February 22, 2019 | Pages: 001 - 004

Author(s): Nathan Huysman, Jill M Voorhees, Hilary Meyer, Eric Krebs and Michael E Barnes*

Landlocked fall Chinook salmon (*Oncorhynchus tshawytscha*) in Lake Oahe, South Dakota, USA return to a remote spawning station either already having ovulated (ripe) or with the eggs still retained in the ovary (green). This study documented the ovulation status of female salmon upon arrival at the station and recorded subsequent egg survival to determine the possible i ...
